

PROGEN
passion for research

**Cell biology
antibodies**

TRUSTED RESEARCH ANTIBODIES MADE IN GERMANY

CELL BIOLOGY ANTIBODIES

you can rely on

**ESTABLISHED
QUALITY**

Antibodies from scientific collaborations, manufactured according to DIN ISO 13485 and market-proven since 1983.

**THOROUGH
ANTIBODY
VALIDATION**

Internal validation with control sera and external independent academic quality control of IHC antibodies.

**EXPERT
SERVICE**

Individual pre- and post-sale support by experienced, PhD level staff.

Data on applications, selectivity, specificity. Positive controls for many products.

**INNOVATIVE
PIPELINE**

Development of next generation recombinant antibodies with superior reliability and specificity.

**DISTINCTIVE
RECOGNITION**

Most published antibodies in biomedical and cell biology literature.

"highly commended" by CiteAb
(2018 awards, antibody validation category)
